MESSAGES FROM SAN FRANCISCO SIGNED BY "PETR" (1945)

From: SAN FRANCISCO

To: MOSCOW

No: 37

4 Feb. 45

To SEMEN. [1]

Reference No. 18[a].

On 4th January 1945 BAZHIN, Evgenij Nikolaevich, went ashore together with two sailors. They went riding on a roller coaster and had been drinking. The pair of them returned on board the vessel after losing BAZHIN at the fun fair. On investigation it was established that as a result of lack of discipline BAZHIN's absence was only discovered on 5th January 1945. The captain thought he was on board [9 groups unrecoverable] was floating in the tug anchorage area and was identified. An expert examination in the presence of our worker did not reveal any traces of violence. The body is being cremated. B. was in very good spirits. He was considered a conscientious worker. He was very keen to get home as his wife was due to have a baby soon - he had bought presents for the baby. He had not been expressing any discontent.
